

# Liceo Raffaele Lombardi Satriani: A Cultural, Social, and Territorial Gem

LICEO RAFFAELE LOMBARDI SATRIANI STANDS AS A BEACON OF EDUCATION AND CULTURE IN THE HEART OF CALABRIA, ITALY. THIS ESTEEMED INSTITUTION, WITH ITS THREE CAMPUSES LOCATED IN PETILIA POLICASTRO, MESORACA, AND COTRONEI, NOT ONLY EXCELS IN ACADEMIC ACHIEVEMENT BUT ALSO PLAYS A SIGNIFICANT ROLE IN THE CULTURAL AND SOCIAL DEVELOPMENT OF THE REGION.

## Cultural Perspective

Liceo Raffaele Lombardi Satriani is a cultural hub that embraces and celebrates the rich heritage of Calabria. The school is named after the renowned anthropologist Raffaele Lombardi Satriani, whose work profoundly influenced the understanding of Southern Italian culture. In keeping with his legacy, the school offers a curriculum that includes courses on local history, traditions, and folklore, ensuring students gain a deep appreciation of their cultural roots.

The three campuses regularly host cultural events, such as art exhibitions, literary contests, and theater performances, fostering a vibrant cultural atmosphere. These activities not only enhance the students' educational experience but also serve as a bridge connecting the school with the wider community.

## Social Perspective

Liceo Raffaele Lombardi Satriani is more than just an educational institution; it is a cornerstone of the local society. The school actively promotes social responsibility and community engagement among its students. Programs and initiatives are designed to encourage students to participate in volunteer work, social projects, and environmental conservation efforts.

The campuses in Petilia Policastro, Mesoraca, and Cotronei each have unique social programs tailored to address the specific needs of their communities. Whether it's through charity drives, community service projects, or partnerships with local organizations, the school instills in its students a strong sense of civic duty and social awareness.

## Territorial Perspective

The territorial aspect of Liceo Raffaele Lombardi Satriani is a testament to its commitment to regional development. The school's three campuses are strategically located to serve the educational needs of the central Calabrian region. Each campus brings its own distinct flavor to the school, contributing to a diverse and enriched learning environment.

**Petilia Policastro Campus:** Situated in a historically rich area, this campus emphasizes the importance of preserving local history and traditions. It provides students with opportunities to explore the archaeological and cultural landmarks of the region.

**Mesoraca Campus:** Known for its scenic beauty and natural landscapes, the Mesoraca campus incorporates environmental studies and sustainable practices into its curriculum. Students are encouraged to engage in activities that promote ecological awareness and preservation.

**Campus Cotronei:** Located near the Sila National Park, this campus focuses on combining science-based education with outdoor and adventure activities. It offers programs that integrate physical education with nature exploration, promoting a healthy and active lifestyle.

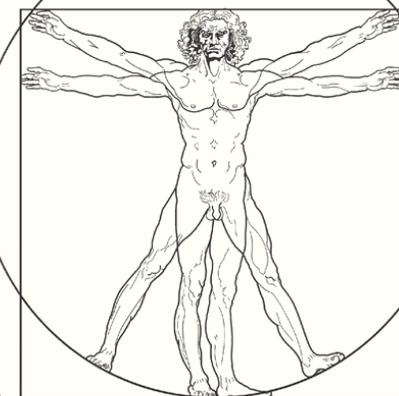

Liceo Raffaele Lombardi Satriani is not just a school; it is a vibrant institution that embodies the cultural, social, and territorial essence of Calabria. Its dedication to fostering a well-rounded education, rooted in cultural heritage, social responsibility, and regional pride, makes it a shining example of excellence in Italian education. Through its three campuses in Petilia Policastro, Mesoraca, and Cotronei, the school continues to inspire and nurture the future leaders of Calabria.

# PRESENTATION OF OUR SCHOOL

1

The educational system of our Institute is organized according to the principles of subsidiarity and autonomy.

Our school has didactic, organizational and research autonomy and is based on values founded on respect, tolerance, kindness, peace, solidarity, freedom, justice and honesty.

2

These values are the basis of the relationship between teachers and students, of life in common, of cooperative relationships and of the rules shared within our school.

3

the Cotronei branch provides a study path with a focus on applied sciences: it encourages the acquisition of knowledge and methods specific to mathematics, physics and natural sciences
